Prior to April 1, 1910 the water power of the Connecticut River in Walpole was valued for taxation at \$150,000. In 1910 the valuation was put at \$300,000. Litigation resulted, beginning after the 1911 assessment had been made at the same amount. All steps taken with reference to the assessment and valuation of this power since 1911 have been upon the advice of counsel. The litigation has resulted in great advantage to the town, and the benefits will continue during all the years to come. We submit a few figures illustrative of the present and future situation.

Valuation

1909.	1910-11.	1912-13-14-15, etc.
\$150,000 00	\$300,000 00	\$600,000 00

The results of the litigation appear in the 1912 assessment, as agreed upon to avoid the protracted delay of continued law suits and all disputed legal questions. The substantial valuation fixed on the basis of present development should continue for at least three years to come, and if the power is further developed the town has waived no rights as to the then valuation.

Tax income (six years only) 1910-15. Approximation

If 1909 valuation had	If 1910 valuation had	On valuation se-
continued to 1915	simply been sustained	cured by counsel
\$18,000	\$36,000	\$58,000

Not only has the 1910 valuation been sustained, but it has been doubled. In the six years following 1910 the town will receive approximately \$22,000 more in taxes than it would if there had been no litigation. The expenses of the litigation were \$12,385 31. In other words all expenses are paid and at the end of the three years hence the town will have \$10,000 net, (in addition to the tax disputed), and will enjoy a \$5,000 increase in perpetuity on its annual income.

 Selectmen of Walpole.

We the undersigned auditors, chosen by the town to settle with the selectmen and treasurer, have examined their accounts and find them correctly cast and properly vouched.

ARTHUR P. DAVIS,
 C. L. STURTEVANT,
 Auditors.

REPORT OF COMMITTEE ON TOWN LIBRARY

For the Year Ending March 1, 1913

The whole number of volumes now on the catalogue is 10,590, of which 93 have been added during the present year. Besides these 46 books have been recently purchased, but are not yet catalogued. Books have been presented by various donors, a list of whom is as follows: Miss A. D. Anthony, Estate of Mrs. Charles B. Bedlington, Mrs. Charles Bellows, Miss M. H. Bellows, Miss A. M. Buffum, Mr. and Mrs. Alexander Davidson, Miss Margaret Davidson, Arthur P. Davis, Double-day Page & Co., Miss Margaret Hillhouse, Miss Frances Howland, Middlebury College Library, State of New Hampshire, Miss Bradley Williams. The thanks of the town are due to all who have presented books.

The number of volumes taken out in 1912 was 12,758, divided as follows:

Main library,	10,507
North Walpole branch,	2,001
Drewsville branch,	250

The branch at North Walpole has been carried on as usual with Miss Anna C. Hartnett as librarian. The branch at Drewsville has been cared for by Mrs. Henry E. Putnam. Both branches have been of great value in their localities.

The reading room has been well patronized during the year. The usual variety of magazines has been purchased from the reading room fund which is maintained by voluntary subscription. In addition "Literary Digest" has been presented by Mrs. J. A. Bellows, "Saturday Evening Post," by Mrs. T. B. Buffum, "International Studio," by Miss Gertrude von Briesen, "New England Homestead," by Arthur Guild, and "Youth's Companion," by Miss Eleanor Hayward.

One gift to the library deserves special mention. The collection of arms, which belonged to Pay Director Edward Bellows and which for sometime has been on the wall of the reading room, has been presented to the library by Mrs. Bellows.

For sometime the library building has been in need of repairs both inside and out. For that reason a somewhat

larger balance than usual has been left in the treasury as it is hoped that during the coming year some of the most necessary repairs may be made.

An appropriation of \$500 is recommended for the coming year.

TREASURER'S ACCOUNT FOR THE YEAR ENDING MARCH 1, 1913.

Receipts:

Balance on hand March 1, 1912,	\$10.28

February 22, 1913.

REPORT OF WALPOLE CEMETERY COMMITTEE

For the Year Ending March 1, 1913

The usual care has been taken during the last year, of the Village cemetery, and of the cemeteries on Carpenter's hill and in Drewsville. George H. Holden has had charge of the Village cemetery, E. C. Belden has cared for the Drewsville cemetery, and Clitnon W. Tenney has had charge of the cemetery on Carpenter's hill. Lots cared for by the income funds and legacies have been kept mowed with a lawn mower and enriched in the fall.

During the year the town has received the following funds:—\$50.00 from Martha A. Dart for the care of the Joseph and Joseph S. Jones lot, to be known as the Martha A. Dart Fund; \$100.00 from Mary Jane Barnett Fay for the care of the Holland D. Fay lot, to be known as the Mary Jane Barnett Fay Fund; and \$100.00 from Mrs. Catherine B. Holmes for the care of the Ira Holmes lot, to be known as the Ira Holmes fund.

Eight lots have been given out during the year to heads of families applying for them.

For the care of the Towns and Ralph Watkins lots, the sum of \$4.50 has been expended from the Hannah W. Towns fund. The income of this fund was \$16.52 and the amount of the fund is now \$425.09.

Respectfully Submitted,

GEORGE H. HOLDEN,
Cemetery Committee.

Your schools opened last September with fifteen of the twenty-one teachers of last year on your payroll, and with the same supervisors of music and drawing. At least four of the six teachers who did not return left us for more remunerative positions. As this is as large a part of your teaching force as you can expect to retain from year to year with the present salary schedule, it is to be regretted that Walpole is not

rich enough to offer salaries sufficient to retain all of its desirable teachers.

There has been but one change since September in your corps of teachers, viz, at No. 14, where Miss Viola Fenton, succeeds Miss Kingsbury. The immediate results have shown the wisdom of your action.

The work the past year has been conducted along the same general lines as in previous years with one exception, Pursuant with permission granted by the board, manual training classes have been formed in grades V to VIII inclusive, at Walpole village, under the able instruction of Mr. Frederick Woodlock. The equipment of the room and salary of the teacher in this department is borne this year by private contributions. In regard to manual training the last New Hampshire School Report states as follows:—"Manual training in the elementary schools is a part of the regular program in the following school districts: Alton, Antrim, Berlin, Claremont, Concord, Union, Conway, Hillsboro Special, Hopkinton, Jefferson, Keene, Laconia, Lebanon, Littleton, Manchester, Marlboro, Portsmouth, Salem, Tilton, Walpole, Whitefield, Wolfeboro."

"The rapid growth of the tendency to include manual arts in the educational program may be seen from the fact that ten years ago manual training was to be found only in Concord and Manchester, and five years more had seen the addition of only Berlin and Plymouth."

I believe it is exceedingly desirable that this new department be made a permanent part of the program.

The eye test which is recommended by the department of public instruction has been given recently in the schools at Walpole village. This test indicates that of the 147 children examined 101 have normal eyes, 31 have slight abnormalities, and 15 have eyes sufficiently abnormal to require the attention of a specialist. The parents of the pupils of the latter class have been notified, as in past years, of the discoveries made.

I believe that there exists in our schools in all parts of the town many cases of more or less arrested development due to physical defects in the children. A casual observer can not fail to discover indications of adenoids, diseased tonsils, defective hearing and vision, and defective teeth. The advice of the conscientious teacher, who takes pains to inform the parents of children suffering from any of these defects, is seldom appreciated and more seldom followed. If this advice came from a reputable physician, I am of the opinion that it would be generally followed and that much good would result.

I do, therefore, recommend for your earnest consideration the advisability of inaugurating some system of medical inspection in all of the schools of the town. It would seem altogether probable that it is a

matter of but a few years before some system of medical inspection for school children will be a statutory requirement in this state, if we judge from the tendency of our state to keep abreast with the more advanced ideas in educational administration.

In the matter of minor repairs I wish to remind you that it is with doubt cheaper in the end to keep our school houses in first class condition rather than to postpone all repairs until absolutely necessary.

Minor repairs postponed soon become major repairs. The buildings at Walpole village must be painted in the near future. I believe it would be good policy to finish the renewing of the black boards in the main room of the high school. A few minor repairs are needed in all of the three rural schools. The stairs in the approach to the building at North Walpole demand immediate attention. It is probable that these stairs will have to be entirely renewed, but whether it is advisable to rebuild with wood or some other material I am unable to say. There should be a cleaner and more permanent approach to the Kilburn school than can be furnished with loose sand. The floors should be renewed in the Keep building in the kindergarten, the first, and the second grade rooms, and in the upper hall. Many of the desks in both the Kilburn and the Keep schools are in bad condition.

With reference to the matter of transportation, I wish to quote again from the N. H. School Report, page 81. In his opinion in the appeal of Edgar J. Jones from the decision of the school board of Webster, Mr. Morrison observes as follows: "It is a well established principle that the parent has a primary obligation to provide for the education of his child, and in the fulfillment of that obligation must expect inconvenience and even hardship, nor is his obligation in any way lessened by the action of an enlightened and beneficent state in providing free education for all children. If his residence is at an inconvenient distance from the school, that fact doubtless may constitute an hardship for him, but the hardship cannot be taken off his shoulders and constituted an hardship for the entire community. On the other hand our courts have established the doctrine that the parent cannot be obliged to submit his child to peril of life or health nor can he be obliged to give up his regular vocation for a part of the day while he conducts his child safely to and from school, whether with or without compensation for so doing." I believe this opinion may furnish food for thought on the part of both parents and school officials. Those particularly interested in this subject may find pleasure in the reading of the recent decision of the supreme court, No. 989, Fogg v. Board of Education of Littleton.

I wish to announce to the board that a new flag has been purchased for the Drewsville school, and that a bell is about to be installed in the cupola of the school building, all of which is due to the generosity of Mrs. Henry Putnam.

With a sincere expression of gratitude to the board, to the teachers, and to the community for another year of pleasant associations, this report is respectfully submitted.

LOUIS DEWITT RECORD,

Superintendent of Schools.
